Background

MERC commenced operations in 1973 as Thailand's first executive recruitment service and in 1981 we launched the first Thailand Compensation & Benefits Survey. Prior to a management buyout in 1986, the company was a member of the PA Consulting Group.

Products or Services

MERC provides a broad range of HR services including Recruitment, Compensation & Benefits Surveys, and HR Consulting.

MERC's Executive Search team focuses on manufacturing, trading and financial industry sectors, identifying executives with the particular expertise and talent required by clients; our web-based job board at www.merc.org enables candidates to monitor current job opportunities.

MERC's annual Compensation & Benefits Survey compares current base salary and benefits of each company to the industry base and total compensation by benchmark, job function and level of seniority for over 100 companies.

HR Consulting Services include job analysis, job evaluation, design of job grade structures, and performance management strategies.
